Product Description:

SportPharma Just-Creatine is as pure as creatine monohydrate gets. Using patented Creapure® brand creatine, our Just-Creatine is a premium product. As you may know, creatine monohydrate is as proven a sports nutrition supplement there is. Safe, effective and tested, Just-Creatine assists in helping to increase muscle energy. Muscle cells store creatine in the form of ATP in the body. When lifting weights, muscles contract and ATP is lost. When ATP is depleted, the muscle becomes fatigued. This is where SportPharma Just-Creatine can assist. With the help of supplemental creatine, the body is able to regenerate ATP more quickly, thus delaying the onset of muscular fatigue. When quality and results matter, turn to Just-Creatine, the purest creatine on the market for nothing but pure results.*
